High albedo & green roof

Space type: **Commercial**

Total square footage of building:
1,100,000 square feet

Eleven Times Square, a new 40-story, 1.1 million square foot, commercial and retail tower at the corner of 42nd Street and Eighth Avenue in Manhattan. The 600-foot, high performance, environmentally friendly tower is pursuing LEED Gold Certification from the U.S. Green Building Council. Eleven Times Square's dramatic design features a sculptural composition of forms sheathed in a combination of high-performance glazed curtainwall and luminous "silk-glass" spandrel panels that facilitate ample penetration of daylight, optimize views and provide superior environmental control.
